About Candente Copper

Candente Copper is a mineral exploration company engaged in acquisition, exploration, and development of mineral properties. The Company is currently focused on its 100% owned Cañariaco project, which includes the Feasibility stage Cañariaco Norte deposit as well as the Cañariaco Sur deposit and Quebrada Verde prospect, which all occur within a 5 km long structural setting. The Cañariaco project is located in the western Cordillera of the Peruvian Andes in the Department of Lambayeque in Northern Peru.

Joanne C. Freeze, P.Geo., President and CEO, is the Qualified Person as defined by National Instrument 43-101 for the projects discussed above. She have reviewed and approved the contents of this release.

This news release may contain forward-looking statements including but not limited to comments regarding timing and content of upcoming work programs, geological interpretations, receipt of property titles, potential mineral recovery processes, etc. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. Actual results may differ materially from those currently anticipated in such statements. Candente Copper relies upon litigation protection for forward-looking statements.

On behalf of the Board of Candente Copper Corp.
