LETTER TO SHAREHOLDERS

Dear Shareholders:

The directors of Candente Copper would normally cordially invite you to attend the annual general meeting of the shareholders of the Company, however due to the COVID pandemic we ask you to vote in advance of the Meeting (prior to the 11:00 am, Pacific Daylight Time, deadline on Thursday, June 24, 2021) and to participate in the Meeting by Zoom if desired. Details of the Zoom broadcast may be received by registering by email to info@candentecopper.com.

Global copper demand has entered a new supercycle and it is now considered one of the most essential materials in our daily life (one of earth's most vital metals). This demand was brought on by the explosion in the emerging electric vehicle market and other clean energy technologies, electrification of emerging economies, transportation equipment, and home appliances. Couple the increased global demand with the scarcity of exploration and development of new copper projects, the increasing copper prices are clearly explained. Since July 2020, the price of copper has stayed predominantly above US\$3.00/lb and since then has risen as high as US\$4.83 this month (currently trading at US\$4.66).

Candente Copper and the Cañariaco project now have third party validation from three parties:

Fortescue Metals Group, Goldman Sachs and Deutsche Bank

Fortescue Metals Group

Fortescue, a global leader in the Iron Ore Industry, holds 18.9 % of the Company (acquired through Private Placements in 2020) and was granted the right to:

- Appoint a director of Candente Copper, recently appointed Christine Nicolau
- Right to Participate, on a pro rata basis, in any future equity financing of equity securities
- Right of First Refusal to provide a Non-Equity Financing (debt financing or a royalty or stream for any of Candente Copper's assets), prior to May 2022

In addition, a Technical Committee was formed to optimize the development of the Cañariaco project. This committee meets bimonthly and comprises engineers and technical advisors from both companies.

Goldman Sachs: Identified Cañariaco as one of the top 84 copper projects worldwide.

Goldman Sachs, in a report titled "Deficit Delayed not Denied" published October 2018, identified Cañariaco as one of the top 84 copper projects worldwide and one of the top 42 in South America, set to form more than 75% of new copper supply in the near future. Goldman Sachs also added that 80% of unapproved projects are uneconomic at current prices. They pointed out that not only would Cañariaco be an economically robust project at current copper prices, but it also lies within the lowest quartile of copper

prices required to go into production for the 84 projects. US\$7,307 is the average incentive price to bring 51 unapproved projects online and Cañariaco's Incentive Price is much lower at US\$5,500.

Deutsche Bank: Identified Cañariaco as one of 3 projects they believe will be required to meet the upcoming copper supply-demand gap and that attractive projects are likely to get increased attention.

They also commented that "Large-cap miners have limited growth options whereas a number of attractive copper projects we have analyzed are owned by companies with limited financial means and/or technical know-how. With copper having one of the strongest fundamentals, we believe that strategic buyers (large-cap miners, China Inc.) will lead the approaching consolidation phase".

"There are a number of other attractive projects we have identified which we believe will be required to meet the upcoming supply-demand gap." (Candente Copper's Cañariaco Norte is one of 3 projects named).

Cañariaco Update

Based on the March 2011 Pre-feasibility Progress Report by AMEC, Cañariaco Norte economics are estimated as follows using fixed metal prices for Life of Mine: Cu \$2.90/lb, Au \$1500/oz and Ag \$18.00/oz; an Income tax rate of 29.5% and labour profit sharing tax of 8% (as of Jan 2017): Post tax NPV is \$ 1.6B, Post IRR is 21.9% and Payback is 4.7 years. Details of the report are disclosed in the Company's Annual Information Form for the year ended December 31, 2011 and filed on SEDAR. All values are in US\$.

In late February 2021, Ausenco Engineering was engaged to identify and define a smaller, higher grade, start up option with lower initial capital expenditure ("CapEx") for Cañariaco Norte.

Work to date is very promising:

- Geometallurgical modelling has identified a wider range of metal contents in different rock types and a wider range of metal recoveries to concentrate from various rock types.
- Geometallurgy allows forecasting of concentrate quality so production offers more flexibility and mine scheduling to optimize project value.
- The identification of current markets for our unique copper concentrate which indicate higher potential revenues due to a decrease in treatment costs.

The Company plans to move into a Preliminary Economic Assessment ("PEA") on the Revised Project Concept which should take approximately 4 months to complete.

The Cañariaco project has been included in various lists of mining projects key to the development of Peru (especially in the North) and is the only mining project with a significant resource in the region of Lambayeque. Lambayeque currently receives only minimal funding from taxes paid by mining in Peru (Canon) as there are currently no mines in Lambayeque.

We would like to thank our Board of Directors for their guidance, our employees for their commitment and especially all of our shareholders for their support and patience.

Sincerely,

"Joanne Freeze"

MANAGEMENT INFORMATION CIRCULAR
(Containing information as at May 18, 2021, except as
indicated otherwise)

SOLICITATION OF PROXIES

Candente Copper is providing this Information Circular in connection with management's solicitation of proxies for use at the annual general meeting of the Company (and any adjournment thereof) to be held on June 28, 2021 (the "**Meeting**"), at the time and place and for the purposes set forth in the notice of Meeting (the "**Notice of Meeting**"). Unless the context otherwise requires, when we refer in this Information Circular to the Company, its subsidiaries are also included.

The solicitation of Proxies will be primarily by mail, but Proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company at nominal cost. In accordance with National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"), arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the common shares in the authorized share structure of the Company ("**Common Shares**") held of record by such persons and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in so doing. All costs of this solicitation will be borne by the Company.

APPOINTMENT OF PROXYHOLDERS

The individuals named ("**Management's Nominees**") in the accompanying form of proxy (the "**Form of Proxy**") are directors and/or officers of the Company. **A shareholder wishing to appoint some other person (who need not be a shareholder) to represent him or her at the Meeting has the right to do so, either by striking out the names of those persons named in the accompanying Form of Proxy and inserting the desired person's name in the blank space provided in the form of proxy or by completing another form of proxy. A proxy will not be valid unless the completed Form of Proxy is received by Computershare Trust Company of Canada ("Computershare" or the "Transfer Agent"), Proxy Department, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, or any adjournment thereof.** Proxies delivered after that time will not be accepted.

The Company has given notice of the Meeting in accordance with NI 54-101, pursuant to which it has sent the Notice of Meeting, Proxy and a financial statement request form but not this Information Circular, directly to its registered shareholders ("**Registered Shareholders**") and indirectly to its beneficial shareholders ("**Beneficial Shareholders**").

NOTICE-AND-ACCESS

The Company has elected to use the "notice-and-access" provisions ("**Notice-and-Access**") under NI 54-101 and National Instrument 51-102 - *Continuous Disclosure Obligations* ("**NI 51-102**") of

the Canadian Securities Administrators, for distribution of this Information Circular and other meeting materials, including the Form of Proxy, voting instruction form (“**VIF**”) and the Notice of Meeting (collectively, the “**Meeting Materials**”) to registered shareholders of the Company and shareholders holding Common Shares beneficially through an intermediary (“**Non-Registered Holders**”), other than those Non-Registered Holders with existing instructions on their accounts to receive printed materials or those shareholders that request printed Meeting Materials.

Notice-and-Access allows issuers to post electronic versions of meeting materials online, via SEDAR and one other website, rather than mailing paper copies of such meeting materials to shareholders. The Company has adopted this alternative means of delivery in order to further its commitment to environmental sustainability and to reduce its printing and mailing costs.

The Company will post the Meeting Materials, and its audited financial statements and management discussion and analysis for the year ended December 31, 2020, under its profile at www.sedar.com and also on its website at www.candentecopper.com.

Although the Meeting Materials will be posted electronically online, registered shareholders and Non-Registered Holders (subject to the provisions set out below under the heading “Advice to Beneficial Shareholders”) will receive a “notice package” (the “**Notice-and-Access Notification**”) by prepaid mail, which includes the information prescribed by NI 54-101, and a Form of Proxy, in the case of registered Shareholders, or VIF, in the case of Non-Registered Holders, enabling them to vote at the Meeting. Shareholders should follow the instructions for completion and delivery contained in the Form of Proxy or VIF, as the case may be, and are reminded to review the Information Circular before voting.

Shareholders will not receive a paper copy of the Meeting Materials unless they contact the Company at (604) 689-1957 or toll-free at 1 (877) 689-1964. Provided the request is made prior to the Meeting, the Company will cause the requested materials to be mailed within three business days. **Requests for paper copies of the Meeting Materials should be made by June 15, 2021 in order to receive the Meeting Materials in time to vote before the Meeting.**

REVOCABILITY OF PROXIES

A Registered Shareholder of Common Shares who has given a Proxy may revoke it by an instrument in writing executed by the Registered Shareholder or by his or her attorney authorized in writing or, where the Registered Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Company, at Suite 2300, 550 Burrard Street, Vancouver, British Columbia, V6C 2B5 (Attention: Brett Kagetsu), at any time up to and including the last business day preceding the day of the Meeting, with the Chair of the Meeting on the day of the Meeting or if adjourned, any reconvening thereof, or in any other manner provided by law. A revocation of a Proxy does not affect any matter on which a vote has been taken prior to the revocation.

EXERCISE OF DISCRETION

The Common Shares represented by a properly executed Proxy in favour of Management’s Nominees in the accompanying form of Proxy will be voted or withheld from voting in accordance with the instructions of the person appointing the proxy holder on any ballot that may be taken and where a choice with respect to any matter to be acted upon has been specified in the form of Proxy, be voted in accordance with the specification made in such Proxy. **ON A POLL SUCH COMMON SHARES WILL BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE**

HAS BEEN SPECIFIED OR FOR WHICH BOTH CHOICES HAVE BEEN SPECIFIED, BY THE REGISTERED SHAREHOLDER.

The Proxy will confer discretionary authority on the nominees named therein with respect to each matter or group of matters identified therein for which a choice is not specified other than the appointment of an auditor and the election of directors, any amendment to or variation of any matter identified therein and any other matter that properly comes before the Meeting.

As of the date of this Information Circular, management of the Company knows of no amendment, variation or other matter that may come before the Meeting but, if any amendment, variation or other matter properly comes before the Meeting, each nominee in the accompanying form of Proxy intends to vote thereon in accordance with the nominee's best judgement.

REGISTERED SHAREHOLDERS

Registered Shareholders may wish to vote by Proxy whether or not they are able to attend the Meeting in person. Registered Shareholders electing to submit a Proxy may do so by:

- (a) completing, dating and signing the enclosed form of Proxy and returning it to the Company's transfer agent, Computershare, by mail or by hand to the Proxy Dept., 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1;
- (b) using a touch-tone phone to transmit voting choices to the toll-free number indicated in the Proxy. Registered Shareholders must follow the instructions of the voice response system and refer to the enclosed Proxy form for the holder's account number and the Proxy control number;
- (c) using the Internet via the website of the Company's transfer agent at www.investorvote.com. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed Proxy form for the holder's account number and the Proxy control number; or
- (d) using a Smartphone, scanning the QR codes on the Proxy, in all cases ensuring that the Proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the Proxy is to be used.

BENEFICIAL (NON-REGISTERED) SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders of the Company, as a substantial number of shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to in this Information Circular, collectively, as "Beneficial Shareholders") should note that only Proxies deposited by Registered Shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the names of the shareholder's broker or an agent of that broker. In the United States, the vast majority of such shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada under the name of CDS Inc. (the registration name

for CDS Clearing and Depository Services Inc., and which acts as nominee for many Canadian brokerage firms). Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person in accordance with the procedures outlined in this section.

Applicable regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is similar to the Form of Proxy provided to Registered Shareholders by the Company. However, its purpose is limited to instructing the Registered Shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in the United States and in Canada. Broadridge typically prepares its own machine readable voting instruction form ("**VIF**"), mails those forms to the Beneficial Shareholders and requests the Beneficial Shareholders to return those forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet or by telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a Broadridge VIF cannot use that VIF to vote Common Shares directly at the Meeting. That VIF must be returned to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet or by telephone), well in advance of the Meeting in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the Registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Common Shares as proxyholder for the Registered Shareholder should enter their own names in the blank space on the instrument of Proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.**

This Information Circular and accompanying materials are being sent to both Registered Shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own ("**OBOs**") and those who do not object to their identity being made known to the issuers of the securities they own ("**NOBOs**"). Subject to the provision of NI 54-101, issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents. Pursuant to NI 54-101, issuers may obtain and use the NOBO list for distribution of Proxy-related materials directly (not via Broadridge) to such NOBOs.

Meeting materials sent to Beneficial Shareholders who have not waived their right to receive Meeting materials are accompanied by a request for a VIF. This form is provided instead of a Proxy. By returning the VIF in accordance with the instructions noted on it, a Beneficial Shareholder is able to instruct the Registered Shareholder how to vote on behalf of the Beneficial Shareholder. VIFs, whether provided by the Company or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

The Company has adopted the procedure described in NI 54-101 and NI 51-102 to distribute its proxy-related materials to the Registered and Beneficial Shareholders. In addition, the Company has elected to pay to distribute its proxy-related materials to the OBOs.

IF YOU ARE A BENEFICIAL SHAREHOLDER AND WISH TO VOTE IN PERSON AT THE MEETING, PLEASE REFER TO THE INSTRUCTIONS SET OUT ON THE “REQUEST FOR VOTING INSTRUCTIONS” (VIF) THAT RELATES TO THIS INFORMATION CIRCULAR.

RECORD DATE AND VOTING SECURITIES

The Company has set the close of business on **Friday, May 14, 2021**, as the record date (the “**Record Date**”) for determination of persons entitled to receive notice of the Meeting. Only the Registered Shareholders, and those Beneficial Shareholders entitled to receive notice pursuant to NI 54-101 through their intermediaries, as at that date, are entitled to receive notice of and to vote at the Meeting.

On a show of hands, every individual who is present and is entitled to vote as a shareholder or as a representative of one or more corporate shareholders will have one vote, and on a poll every shareholder present in person or represented by a Proxy and every person who is a representative of one or more corporate shareholders, will have one vote for each Common Share registered in that shareholder’s name on the list of shareholders as at the Record Date. Shareholders represented by proxy holders are not entitled to vote on a show of hands.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company is authorized to issue an unlimited number of Common Shares, of which 256,634,804 were issued and outstanding as at the Record Date and the date hereof. Persons who are Registered Shareholders at the close of business on May 14, 2021, will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each Common Share held. The Company has only one class of shares.

To the knowledge of the Directors and executive officers of the Company, only the following shareholder beneficially owns, controls or directs, directly or indirectly, Company Shares carrying 10% or more of the voting rights attached to any class of voting securities of the Company:

Share-based and Option-based Awards

At the end of each reporting period, the Company’s management reviews the performance of its NEOs during the year, against corporate and personnel goals that management has control over, to determine

whether the Company should grant share-based and/or option-based awards. Management then proposes awards to the Compensation, Governance and Strategy Committee. The Compensation, Governance and Strategy Committee then reviews management's recommendations and passes a resolution recommending to the Board that options be granted to the Company's management. The Compensation, Governance and Strategy Committee also, plays an active role in reviewing existing equity incentive plans, under which option-based awards are granted. The Company has not granted any share-based awards.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Discussion and Analysis

Executive compensation is based upon the need to provide a compensation package that will allow the Company to attract and retain qualified and experienced executives, balanced with a pay-for-performance philosophy. Compensation for the fiscal year ended December 31, 2020, and prior fiscal years has historically been based upon a negotiated salary or consulting fee, with stock options and bonus potentially being issued and paid as an incentive for performance. In each year, the Compensation, Governance and Strategy Committee reviews the salary, bonus, stock options and other direct or indirect benefits for Management, considering all relevant matters including the goals of the Company and the effectiveness of management in achieving those goals, the skill, qualifications and level of responsibility of Management and compensation provided by comparative companies. Based on these factors, the Compensation, Governance and Strategy Committee then makes recommendations to the Board.

In each year, the Compensation, Governance and Strategy Committee reviews management performance against corporate and individual goals set for the year. In taking into account corporate performance, it is recognized that many factors are beyond the control of management, such as foreign exchange, interest rates and metal prices. As a result, goals are based more on factors over which management can exercise control, such as advancement of the Company's projects, actual operating and capital expenditure costs as compared to budget and improvement of relationships with suppliers, Shareholders and partners. The Compensation, Governance and Strategy Committee has not formally considered the implications of the risks associated with the Company's compensation policies and practices.

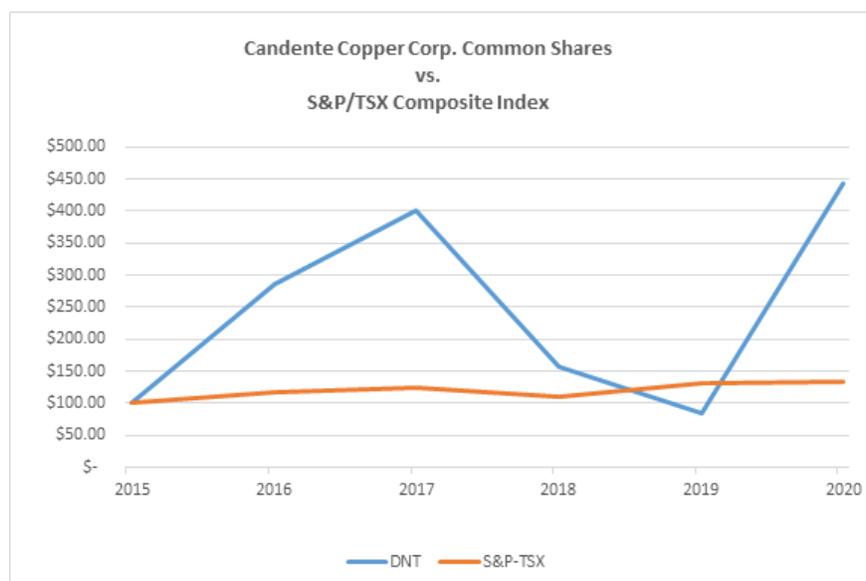

As the Compensation, Governance and Strategy Committee management's performance at year end December 31, 2020, it took into consideration the objectives of executive compensation related to the annual incentive bonus and the Company's stock option plan (the "**Option Plan**").

The Option Plan was established to provide incentives to qualified persons to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The Option Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact and/or contribution to the longer term operating performance of the Company. In determining the number of options to be granted to the executive officers each year, the Board takes into account the number of options, if any, previously granted to each executive officer, and the performance of that officer to the date options are granted each year. The Option Plan is the sole long term component of management compensation, and we believe helps ensure that compensation is closely aligned with Shareholder interests.

The Company has not placed a restriction on the purchase by its NEOs or other employees of financial instruments (including prepaid variable forward contracts, equity swaps, collars or units of exchange funds) that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or employee. To the Company's knowledge, none of the NEOs have purchased any such financial instruments.

The Option Plan is a rolling 10% plan under which the maximum aggregate number of Common Shares reserved by the Company for issuance and which may be purchased upon the exercise of all Options shall not exceed 10% of the issued and outstanding Common Shares on a non-diluted basis). As of the date of this Information Circular, the Company had 256,634,804 Common Shares issued and outstanding, meaning the maximum aggregate number of Common Shares reserved by the Company for issuance and which may be purchased upon the exercise of all Options shall not exceed 25,663,480 Common Shares. As at the date of this Circular, the Company had 14,700,000 Options issued and outstanding representing approximately 5.73% of the issued and outstanding Common Shares with a total of 10,963,480 Common Shares, representing 4.27% of the issued and outstanding Common Shares available for future issuance under the Company's Option Plan.

The Board adopted the Option Plan in order to grant options to directors, officers, employees and consultants of the Company. The following is a brief description of the material provisions of the Option Plan.

Administration: The Option Plan shall be administered by a committee (the "**Committee**") appointed by the Board. Subject to the limitations of the Option Plan and to any express direction by resolution of Board, the Committee shall have the full power to grant options, to determine the terms, limitations, restrictions and conditions respecting such options and to settle, execute and deliver stock option agreements and bind the Company accordingly, to interpret the Option Plan and to adopt such rules, regulations and guidelines for carrying out the Option Plan as it may deem necessary or proper and to reserve, allot, fix the price of, and issue Common Shares pursuant to the grant and exercise of options, all of which powers shall be exercised in the best interests of the Company and in keeping with the objectives of the Option Plan, taking

into consideration the recommendations of the Board and management. The decision of the Committee shall be binding, subject to any express direction by resolution of the Board from time to time and further provided that a decision of the majority of persons comprising the Board in respect of any matter under the Option Plan shall be binding and conclusive for all purposes and upon all persons. If no Committee is appointed, the Option Plan shall be administered as set out above by the Board.

Total number of securities issuable and securities issued under the Option Plan: In accordance with the terms of the Option Plan, the aggregate number of Common Shares issuable under the Option Plan (together with any Common Shares that may be issuable pursuant to any other security-based compensation arrangements) must not exceed 10% of the issued Common Shares on the date on which an option is granted.

Option Exercise Price: The option exercise price of any option granted under the Option Plan shall be equal to or greater than the volume weighted average trading price of the Common Shares on the TSX for the 5 trading days prior to the date of grant (or, if the Common Shares are not then listed and posted for trading on the TSX, such price as required by such stock exchange in Canada on which such shares are listed and posted for trading as may be selected for such purpose by the Committee). In the event that the Common Shares are not listed and posted for trading on any stock exchange in Canada or where the volume weighted average trading price does not, in the opinion of the Committee, reflect the current market price of the securities, the option exercise price of the options shall be determined by the Committee in its sole discretion.

Blackout Expiration Term: The Company may impose trading restricted periods on optionees due to the existence of material undisclosed information concerning the Company (a “**blackout period**”). In the circumstance where the end of the term of an option falls within a “blackout” or similar period imposed under any insider trading policy or similar policy of the Company, then the end of the term of such option shall be the tenth business day after the end of such blackout period. If the expiration date falls within two (2) business days after the end of a blackout period imposed by the Company, then the expiration date will be that date which is ten (10) business days after the end of the blackout period reduced by the number of business days between the original expiration date and the end of such blackout period (i.e. options whose original expiration date was two (2) business days after the end of the blackout period will only have an additional eight (8) business days to exercise).

Amendment of Options Held by Insiders: The approval of disinterested shareholders is required: (a) to reduce the exercise price of an option or to extend the term of an option if the optionee is an insider at the time of the proposed amendment; and (b) to amend the Option Plan to remove or exceed the insider participation limit that is set at 10% of the issued and outstanding Common Shares.

Tax Withholding: The Company has the right to deduct and withhold from any amount payable or consideration deliverable to an optionee, either under the Option Plan or otherwise, such amount or consideration as may be necessary to enable the Company to comply with the applicable requirements of any federal, provincial, state or local law, or any administrative policy of any applicable tax authority, relating to the deduction, withholding or remittance of tax or any other required deductions or remittances with respect to awards under the Option Plan. The Company also has the discretion to satisfy any liability for any withholding obligations by withholding and selling, or causing a broker to sell, on behalf of any optionee such number of shares issued to the optionee pursuant to an exercise of options under the Option Plan as is sufficient to fund the withholding obligations (after deducting commissions payable to the broker and other costs and expenses), or retaining any amount or consideration which would otherwise be paid, delivered or provided to the optionee under the Option Plan. The Company may require an optionee, as a condition to granting an option or the exercise of an option, to make such arrangements as the Company may require to satisfy applicable withholding obligations, including, without limitation (i) requiring the

optionee to remit the amount of any such withholding obligations to the Company in advance; (ii) requiring the optionee to indemnify and reimburse the Company for any such withholding obligations; (iii) withholding and selling shares acquired by the optionee under the Option Plan, or causing a broker to sell such shares on behalf of the optionee, withholding from the proceeds realized from such sale the amount required to satisfy any such withholding obligations, and remitting such amount directly to the Company; or (iv) any combination thereof.

Eligible participants under the Option Plan: Persons eligible to participate under the Option Plan are persons providing services to the Company and who are directors, officers, employees and consultants of the Company or any subsidiary of the Company.

The Option Plan limits to not more than 10% of the issued Common Shares the following:

- (a) the total number of option shares issuable to insiders of the Company, at any time, under the Option Plan and all other security based compensation arrangements, and
- (b) the total number of option shares issued to insiders, during a one-year period, under the Option Plan and all other security based compensation arrangements.

Vesting of Options: Any options granted under the Option Plan shall vest in the optionee, and may be exercisable by the optionee in accordance with a vesting schedule to be determined by the Committee having regard to such factors as the nature of the relationship of each optionee to the Company, the length of service and the duties of the optionee.

Terms of Options: Options may be granted under the Option Plan exercisable over a period to be determined by the Committee having regard to such factors as the nature of the relationship of each optionee to the Company, the length of service and the duties of the optionee, such term to be set out in a stock option agreement.

Causes of cessation of entitlement: Any option, to the extent not validly exercised, may be terminated on an earlier date to be determined by the Committee having regard to such factors as the nature of the relationship of each optionee to the Company, reason for termination, the length of service and the duties of the optionee.

Assignability of Options: Options are not assignable or transferable by the optionee other than by will or the laws of descent and distribution and shall be exercisable during the optionee's lifetime only by the optionee.

Amendment or termination of the Option Plan: The Board may from time to time:

- (a) amend or revise the terms of the Option Plan, subject to TSX and Shareholder approval, if required; or
- (b) discontinue the Option Plan at any time,

provided however that no such amendment, revision or discontinuance may, without the consent of the optionee, adversely affect the optionee's rights under any option theretofore granted under the Option Plan.

The following types of amendments or revisions to the Option Plan do not require approval of the Company's Shareholders:

- (a) amendments of a "housekeeping" nature;
- (b) a change to the vesting provisions of the Option Plan or any option; and

- (c) a change to the termination provisions of the Option Plan or any option which does not entail an extension beyond the original expiry date.

The following types of amendments or revisions to the Option Plan, and any other amendments or revisions determined by the TSX, shall require approval of the Company's Shareholders:

- (a) any amendment to the number of Common Shares issuable under the Option Plan, including an increase to a fixed maximum number of Common Shares or a change from a fixed maximum number of Common Shares to a fixed maximum percentage. A change to a fixed maximum percentage which was previously approved by Shareholders will not require an additional Shareholder approval;
- (b) any change to the eligible optionees that would have the potential of broadening or increasing insider participation;
- (c) the addition of any form of financial assistance to optionees or any amendment to a financial assistance provision that is more favourable to optionees;
- (d) the grant of any new option to an optionee who is an insider of the Company where the new option is granted within three months of the date of cancellation of a previous option with different terms held by the same insider and the terms of such new option would result in either a reduction in the exercise price or an extension of the term as compared to the previously cancelled option;
- (e) the addition of a deferred or restricted share unit or any other provision that results in optionees receiving Common Shares while no cash consideration is received by the Company;
- (f) any reduction in the exercise price of options held by insiders;
- (g) any amendment that extends the term of options held by insiders beyond the original expiry;
- (h) any amendment which would permit options to be transferable or assignable other than for normal estate settlement purposes; and
- (i) any amendment to an amending provision in the Option Plan.

Cashless Exercise: The Option Plan contains a cashless exercise provision whereby the Committee may, in its discretion, provide an optionee with the right and option to exercise an option by electing receive Common Shares equal in value to the difference between the exercise price and the market price of the Common Shares on the date of exercise, pursuant to a formula set out in the Option Plan.

Adjustments: Each option contains uniform provisions in such form as may be approved by the Committee to appropriately adjust the number and kind of Common Shares covered by the option and the exercise price of Common Shares subject to the option in the event of a declaration of stock dividends, or stock subdivisions or consolidations or reconstruction or reorganization or recapitalization of the Company or other relevant changes in the Company's capitalization (the "**Change in Capitalization**") (other than issuance of additional shares) to prevent substantial dilution or enlargement of the rights granted to the optionee by such option. The number of Common Shares available for options under the Option Plan shall be adjusted to reflect the Change of Capitalization, the number of Common Shares receivable on the exercise of an option granted under the Option Plan shall be adjusted to include or reflect the number of Common Shares which the optionee would have received upon such Changes in Capitalization as if the optionee had exercised the optionee's option immediately prior to the record date applicable to such Change in Capitalization, and the exercise price of the option shall be adjusted appropriately by the Committee and such adjustment shall be effective and binding for all purposes of the Option Plan, provided, however, that no adjustment will obligate the Company to issue or sell fractional shares.

Annual Burn Rate: The following table summarizes the burn rate (being the number of options granted under the Option Plan during the applicable fiscal year divided by the weighted average number of Common Shares outstanding for the applicable fiscal year) in respect of the Option Plan for the past three years:

Fiscal Year	Burn Rate
2020	3.20%
2019	1.81%
2018	1.87%

Other Security-Based Compensations

In 2018, the Company adopted a deferred share unit plan (the “**DSU Plan**”) and restricted share unit plan (the “**RSU Plan**”) which were approved by shareholders at the 2018 AGM.

Deferred share units

The Company has established a deferred share units plan under which deferred share units (“**DSUs**”) are granted to non-executive directors of the Company as part of long-term incentive compensation. Deferred share units are classified as equity settled share-based payment transactions such that the participants will receive either common shares of the Company or payment of cash, or any combination of the foregoing, as determined by the Company in its sole discretion, following a redemption event. As such, the Company recognizes the expense based on the quoted market price of the Company’s common shares at the grant date and a corresponding increase or decrease in equity for the eventual redemption when the DSUs are issued. During the last financial year, the Company granted 991,315 DSUs to non-executive directors of the Company. At the date of this Information Circular there are 1,197,778 DSUs outstanding.

The following is a summary of the principal terms of the DSU Plan:

- The maximum number of Common Shares made available for issuance from treasury under the DSU Plan, subject to certain adjustments described in the DSU Plan, shall not exceed 5,000,000 Common Shares provided, however, that the number of Common Shares reserved for issuance from treasury under the DSU Plan and pursuant to all other security-based compensation arrangements of the Company and its subsidiaries shall, in the aggregate, not exceed 10% of the number of Common Shares then issued and outstanding.
- Non-executive members of the Board who are designated by the Board (or such other committee of the directors appointed to administer the DSU Plan) may participate in the DSU Plan (“**DSUP Participants**”). DSUP Participants may be granted DSUs, represented by a notional bookkeeping entry on the books of the Company with each DSU having a value equal, on any particular date, equal to the volume weighted average trading price of the Common Shares for the five (5) consecutive trading days prior to such date (“**Market Value**”).
- In addition, DSUP Participants may elect to receive DSUs in lieu of cash remuneration in respect of his or her annual retainer, committee retainer and meeting fees (or any portion thereof). The number of DSUs to be notionally credited to DSU Participants in lieu of cash remuneration shall be determined on a quarterly basis, as of the final day of any quarterly period, calculated as the quotient obtained when (i) the aggregate value of the cash remuneration that would have been paid to such DSU Participant, is divided by (ii) the Market Value as of the last day of such quarterly period.
- The grant of DSUs under the DSU Plan is subject to a number of restrictions:

- the aggregate number of Common Shares issuable at any time to Insiders (as defined in the DSU Plan) under the DSU Plan and all other security-based compensation arrangements of the Company and its subsidiaries shall not, in the aggregate, exceed 10% of the issued and outstanding Common Shares, calculated on a non-diluted basis;
 - within any one-year period, the Company shall not issue to Insiders under the DSU Plan and all other security-based compensation arrangements of the Company and its subsidiaries, in the aggregate, a number of Common Shares exceeding 10% of the issued and outstanding Common Shares, calculated on a non-diluted basis;
 - the aggregate number of Common Shares made available for issuance from treasury to all non-employee directors of the Company under the DSU Plan (alone or when combined with all of the other security-based compensation arrangements of the Company and its subsidiaries) shall not exceed 1% of the Company's total issued and outstanding Common Shares; and
 - the value of Common Shares associated with grants to any individual nonemployee director of the Company under the DSU Plan (alone or when combined with grants under all of the other security-based compensation arrangements of the Company and its subsidiaries) shall not exceed \$150,000 annually.
- The Board (or such other committee of the directors appointed to administer the DSU Plan) shall determine, at its sole discretion, the size of grants in respect of any DSUP Participant.
 - Whenever cash or other dividends are paid on Common Shares, additional DSUs will be automatically granted to each DSUP Participant who holds DSUs on the record date for such dividends. The number of such DSUs to be credited to such DSUP Participant as of the date on which the dividend is paid on the Common Shares shall be an amount equal to the quotient obtained when (i) the aggregate value of the cash or other dividends that would have been paid to such DSUP Participant if the DSUP Participant's DSUs as of the record date for the dividend had been Common Shares, is divided by (ii) the Market Value of the Common Shares as of the date on which the dividend is paid on the Common Shares.
 - DSUs shall be adjusted (at the Board's sole discretion) to reflect changes affecting the Company as a result of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, recapitalization, amalgamation, plan of arrangement, reorganization, spin-off or other distribution (other than normal cash dividends) of the Company's assets to shareholders or any other change affecting the Common Shares.
 - A DSUP Participant may select a date to receive settlement for his or her DSUs on any date following his or her termination, but no later than December 15 of the calendar year following such Termination (the "Settlement Date"), by completing and delivering a "Redemption Notice" to the Company.
 - On the Settlement Date, the DSUP Participant (or his or her succession) shall be entitled to receive, in accordance with the prior election of such DSUP Participant, either: (i) one (1) Common Share for each DSU credited to the DSUP Participant's account on the Settlement Date, (ii) a lump sum cash payment equal to the Market Value on the Settlement Date of one (1) Common Share for each DSU credited to the DSUP Participant's account on the Settlement Date, or (iii) any combination of the foregoing (subject to the discretion Board (or such other committee of directors appointed to administer the DSU Plan) to settle by alternative form provided for under the DSU Plan).
 - The Company will deduct or withhold from any payment or settlement in Common Shares, for the benefit of a DSUP Participant, any amount required in order to comply with the applicable provisions

of any federal or provincial law relating to the withholding of tax or the making of any other source deductions, including on the amount, if any, included in income of a DSUP Participant. The obligation of the Company to deliver payment or Common Shares in settlement of DSUs, for the benefit of a DSUP Participant, is conditional upon the DSUP Participant paying such amount as may be requested for the purpose of satisfying any liability in respect of such withholding.

- Upon a Change of Control (as defined in the DSU Plan), all outstanding DSUs will remain outstanding, unless the DSUP Participant's Board mandate is terminated as a result of the Change of Control.
- DSUP Participants have no claim or right to any Common Shares pursuant to the DSU Plan. DSUs shall not be considered Common Shares nor shall they entitle any DSUP Participant to exercise voting rights or any other rights attaching to the ownership or control of Common Shares.
- The Board (or such other committee of the directors appointed to administer the DSU Plan) may from time to time amend, suspend or terminate (and re-instate) the DSU Plan in whole or in part or amend the terms of DSUs credited in accordance with the DSU Plan, without approval of the Shareholders, but subject to the receipt of all required regulatory approvals including, without limitation, the approval of the TSX. If any such amendment, suspension or termination will materially or adversely affect the rights of a DSUP Participant with respect to DSUs credited to such DSUP Participant, then the written consent of such DSUP Participant to such amendment, suspension or termination shall be obtained. However, a DSUP Participant's written consent to an amendment, suspension or termination materially or adversely affecting his or her rights with respect to any credited DSUs will not be required if such amendment, suspension or termination is required in order to comply with applicable laws, regulations, rules, orders of government or regulatory authorities or the requirements of any stock exchange on which shares of the Company are listed.
- The Board has broad discretion to amend the DSU Plan without seeking the approval of Shareholders, including, without limitation, amendments to the DSU Plan to rectify typographical errors and/or to include clarifying provisions for greater certainty. However, the Company may not make the following amendments to the DSU Plan without the approval of Shareholders and the TSX: (i) an amendment to remove or exceed the insider participation limit prescribed by the TSX Company Manual; (ii) an amendment to increase the maximum number of Common Shares made available for issuance from treasury under the DSU Plan; (iii) an amendment to modify the definition of "Eligible Director" in the DSU Plan; or (iv) an amendment to the amending provision within the DSU Plan.
- If the Board (or such other committee of the directors appointed to administer the DSU Plan) terminates the DSU Plan, DSUs previously credited to DSUP Participants will remain outstanding and in effect and be settled in due course in accordance with the terms of the DSU Plan.
- Except as otherwise may be expressly provided for under the DSU Plan or pursuant to a will or by the laws of descent and distribution, no right or interest of a DSUP Participant under the DSU Plan is assignable or transferable.

Restricted share units

The Company also established a restricted share plan under which restricted share units (“RSUs”) are granted to eligible officers, employees and contractors of the Company. The restricted share units are considered equity-settled share-based payment transactions such that the participants will receive either common shares of the Company or payment of cash, or any combination of the foregoing, as determined by the Company in its sole discretion, following a redemption event. As such, the Company recognizes the

expense based on the quoted market price of the Company's common shares at the grant date and a corresponding increase or decrease in equity for the eventual redemption when the RSUs are issued. During the financial year ended December 31, 2020, the Company granted 4,002,355 RSUs to directors and an officer of the Company for services performed in previous years. At the date of this Information Circular, 2,930,926 RSU were settled and 1,296,723 RSUs are outstanding.

The following is a summary of the principal terms of the RSU Plan:

- The maximum number of Common Shares made available for issuance from treasury under the RSU Plan, subject to certain adjustments described in the RSU Plan, shall not exceed 5,000,000 Common Shares provided, however, that the number of Common Shares reserved for issuance from treasury under the RSU Plan and pursuant to all other security-based compensation arrangements of the Company and its subsidiaries shall, in the aggregate, not exceed 10% of the number of Common Shares then issued and outstanding.
- The Board (or such other committee of the directors appointed to administer the RSU Plan), upon recommendation from the President and/or Chief Executive Officer, from time to time in their sole discretion designates the executives and key employees entitled to participate in the RSU Plan ("**RSUP Participants**"). RSUs are granted to RSUP Participants at the discretion of the RSUP Committee.
- The grant of RSUs under the RSU Plan is subject to a number of restrictions:
 - the aggregate number of Common Shares issuable at any time to Insiders (as defined in the RSU Plan) under the RSU Plan and all other security-based compensation arrangements of the Company and its subsidiaries shall not, in the aggregate, exceed 10% of the issued and outstanding Common Shares, calculated on a non-diluted basis;
 - within any one-year period, the Company shall not issue to Insiders under the RSU Plan and all other security-based compensation arrangements of the Company and its subsidiaries, in the aggregate, a number of Common Shares exceeding 10% of the issued and outstanding Common Shares, calculated on a non-diluted basis;
 - the aggregate number of Common Shares made available for issuance from treasury to all non-employee directors of the Company under the RSU Plan (alone or when combined with all of the other security-based compensation arrangements of the Company and its subsidiaries) shall not exceed 1% of the Company's total issued and outstanding Common Shares; and
 - the value of Common Shares associated with grants to any individual non-employee director of the Company under the RSU Plan (alone or when combined with grants under all of the other security-based compensation arrangements of the Company and its subsidiaries) shall not exceed \$150,000 annually.
- Whenever cash or other dividends are paid on Common Shares, additional RSUs will be automatically granted to each RSUP Participant who holds RSUs on the record date for such dividends. The number of such RSUs (rounded to the nearest whole RSU) to be credited to such RSUP Participant as of the date on which the dividend is paid on the Common Shares shall be an amount equal to the quotient obtained when (i) the aggregate value of the cash or other dividends that would have been paid to such RSUP Participant if his or her RSUs as of the record date for the dividend had been Common Shares, is divided by (ii) the Market Value (as defined in the RSU Plan) of the Common Shares as of the date on which the dividend is paid on the Common Shares. RSUs granted to a RSUP Participant by reason of cash or other dividends paid on Common Shares

are subject to the same vesting conditions (time and performance, as applicable) as the RSUs to which they relate.

- Vesting and settlement provisions under the RSU Plan are as follows:
 - Subject to the discretion of the Board (or such other committee of the directors appointed to administer the RSU Plan), RSUs will vest in their entirety over three years (one-third on each of the first, second and third anniversary of the date a RSU is awarded).
 - The RSUs may vest according to time and/or performance vesting conditions. The RSUs that are subject to the time vesting condition shall be deemed to have been 100% satisfied if the RSUP Participant is employed by the Company and/or a subsidiary on the date specified in the RSU Award Agreement (as defined in the RSU Plan). The RSUs that are subject to the performance vesting condition(s) (as applicable) shall also vest on the date specified in the RSU Award Agreement, provided that such number of vested RSUs shall be multiplied by the performance percentage determined by the Board (or such other committee of the directors appointed to administer the RSU Plan), all in accordance with the RSU Award Agreement.
 - Within 10 days following the vesting date, the RSUP Participant (or his or her succession) shall be entitled to receive, in accordance with the prior election of such RSUP Participant, either: (i) one (1) Common Share for each RSU credited to the RSUP Participant's account on the settlement date, (ii) a lump sum cash payment equal to the Market Value on the settlement date of one (1) Common Share for each RSU credited to the RSUP Participant's account on the settlement date, or (iii) any combination of the foregoing (subject to the discretion Board (or such other committee of directors appointed to administer the RSU Plan) to settle by alternative form provided for under the RSU Plan.
 - Upon a Change of Control (as defined in the RSU Plan), all outstanding RSUs shall vest, irrespective of any performance vesting conditions.
- RSUs will be adjusted to reflect changes affecting the Common Shares as a result of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, recapitalization, amalgamation, plan of arrangement, reorganization, spin off or other distribution (other than normal cash dividends) of the Company's assets to Shareholders or any other change affecting the Common Shares.
- If a RSUP Participant ceases to be an employee as a result of termination for cause, or as a result of a voluntary termination, all of the RSUP Participant's outstanding RSUs will be terminated.
- If a RSUP Participant ceases to be an employee of the Company or a subsidiary as a result of death, termination not for cause, retirement or long-term disability, the time vesting component of RSUs will be subject to the following considerations:
 - In the event the RSUP Participant is not entitled to a Benefits Extension Period (as defined in the RSU Plan), then the time vesting component of each RSU grant will be pro-rated based on the number of days actually worked from the date of grant of such RSUs until the date of death, termination not for cause, retirement or Long-Term Disability, over the number of days in the original vesting schedule in relation to such RSU grant.
 - In the event the RSUP Participant is entitled to a Benefits Extension Period, then the time vesting component of each RSU grant will be pro-rated based on the sum of (i) the number of days actually worked from the date of grant up until the date of death, termination not for cause, retirement or Long-Term Disability, and (ii) the number of days included in the Benefits Extension Period, over the number of days in the original vesting schedule in relation to such grant.

- If a RSUP Participant ceases to be an employee of the Company or a subsidiary as a result of death, termination not for cause, retirement or Long-Term Disability, the performance vesting component of RSUs will be subject to the following considerations:
 - In the event the RSUP Participant is not entitled to a Benefits Extension Period, then the performance vesting component of each RSU grant will be pro-rated based on the number of days actually worked from the date of grant until the date of death, termination not for cause, retirement or Long-Term Disability, over the number of days in the original vesting schedule in relation to such grant; the number of vested RSUs resulting from such pro-rated calculation will be multiplied by the performance percentage determined by the Board (or such other committee of directors appointed to administer the RSU Plan).
 - In the event the RSUP Participant is entitled to a Benefits Extension Period, then the performance vesting component of each RSU grant will be pro-rated based on the sum of (i) the number of days actually worked from the date of grant up until the date of death, termination not for cause, retirement or long-term disability, and (ii) the number of days included in the Benefits Extension Period, over the number of days of the original vesting schedule set forth in relation to such grant.
- A voluntary resignation will be considered as retirement if the RSUP Participant has reached normal retirement age under the Company's benefit plans or policies, unless the Board (or such other committee of directors appointed to administer the RSU Plan) decides otherwise at its sole discretion.
- The Board (or such other committee of the directors appointed to administer the RSU Plan) may from time to time amend, suspend or terminate (and re-instate) the RSU Plan in whole or in part or amend the terms of RSUs credited in accordance with the RSU Plan, without approval of the Shareholders, but subject to the receipt of all required regulatory approvals including, without limitation, the approval of the TSX. If any such amendment, suspension or termination will materially or adversely affect the rights of a RSUP Participant with respect to RSUs credited to such RSUP Participant, then the written consent of such RSUP Participant to such amendment, suspension or termination shall be obtained. However, a RSUP Participant's written consent to an amendment, suspension or termination materially or adversely affecting his or her rights with respect to any credited RSUs will not be required if such amendment, suspension or termination is required in order to comply with applicable laws, regulations, rules, orders of government or regulatory authorities or the requirements of any stock exchange on which shares of the Company are listed.
- The Board has broad discretion to amend the RSU Plan without seeking the approval of Shareholders, including, without limitation, to make the following amendments: (i) an amendment to the RSU Plan to rectify typographical errors and/or to include clarifying provisions for greater certainty; (ii) an amendment to the vesting provisions of an RSU or the RSU Plan; (iii) an amendment to the termination provisions of an RSU or the RSU Plan which does not entail an extension beyond the original expiry date thereof. However, the Company may not make the following amendments to the RSU Plan without the approval of Shareholders and the TSX: (i) an amendment to remove or exceed the insider participation limit prescribed by the TSX Company Manual; (ii) an amendment to increase the maximum number of Common Shares made available for issuance from treasury under the RSU Plan; (iii) an amendment to extend the term of an RSU for the benefit of an Insider; or (iv) an amendment to the amending provision within the RSU Plan.

- If the Board (or such other committee of directors appointed to administer the RSU Plan) terminates the RSU Plan, RSUs previously credited to RSUP Participants will remain outstanding and in effect and be settled in due course in accordance with the terms of the RSU Plan.
- Except as otherwise may be expressly provided for under the RSU Plan or pursuant to a will or by the laws of descent and distribution, no right or interest of a RSUP Participant under the RSU Plan is assignable or transferable.

SCHEDULE “A”

CORPORATE GOVERNANCE DISCLOSURE - CANDENTE COPPER CORP.

National Instrument 58-101 *Disclosure of Corporate Governance Practices* (“NI 58-101”) requires the Company to disclose information about its corporate governance practices on an annual basis. This disclosure must be made against the corporate governance guidelines contained in National Policy 58-201 *Corporate Governance Guidelines* (the “Guidelines”).

The Company’s board of directors (the “Board”) has adopted certain corporate governance policies to reflect the Company’s commitment to good corporate governance, and to comply with NI 58-101, Form 58-101F1 – *Corporate Governance Disclosure*. The Board periodically reviews these policies and proposes modifications to the Board for consideration as appropriate. The Company considers good corporate governance to be central to the effective and efficient management and operation of the Company, and the Board is directly responsible for developing the Company’s approach to corporate governance issues.

Board of Directors

NI 52-110 sets out the standard for director independence. Under NI 52-110, a director is independent if he or she has no direct or indirect material relationship with the Company. A material relationship is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgement. NI 52-110 also sets out certain situations where a director will automatically be considered to have a material relationship with the Company.

The Board is currently composed of six persons. Applying the definition set out in NI 52-110, as at the date of this Information Circular, a majority of the Board is independent as four of the six members of the Board are independent. The members who are independent are Giulio Bonifacio, Andres J. Milla Comitre, George Elliott and Sean I. Waller. Joanne C. Freeze is not independent by virtue of the fact that she holds the position of President, CEO. Christine Nicolau is also a non-independent Director as she represents Fortescue Metals Group Ltd., an insider of the Company.

In addition to their positions on the Board, the following directors also serve as directors of the following reporting issuers or reporting issuer equivalent(s):

Other reporting issuers of which the Company’s directors are also directors	
Name of Director	Names of Reporting Issuers
Joanne C. Freeze	Xali Gold Corp.
Sean I. Waller	East Africa Metals Inc.
Giulio Bonifacio	Copperbank Resources Inc., NevGold Corp. and Arizona Gold Corp.
George Elliott	Urbana Corporation, Canadian Securities Exchange and Radar Capital Corp.
Andres Milla	N/A
Christine Nicolau	N/A

The independent directors do not have regularly scheduled meetings in the absence of the non-independent directors. On occasions where it is considered advisable, the Company's independent directors will and do hold meetings at which non-independent directors and members of management are not in attendance. As all but two of the current directors are independent, the Board does not believe it is presently necessary to have any formal structure or procedures in place to ensure that the Board can function independently of management and is of the view that the current Board structure is sufficient to facilitate open and candid discussion among independent directors. The independent directors met one time in the absence of management during the period since the beginning of the Company's most recently completed financial year. It is the Company's policy to have in-camera sessions with only independent directors present as part of the agenda for all Board meetings.

The Board appointed Mr. Giulio Bonifacio, independent director, as the Non-Executive Chair of the Board on July 1, 2020. The primary role of the Chair is to chair all meetings of the Board and Shareholders meetings, to manage the affairs of the Board, including ensuring the Board is organized properly, functions effectively and meets its obligations and responsibilities. The Chair's responsibilities include, without limitation, ensuring that the Board works together as a cohesive team with open communication and works together with the Company's other committees to ensure that a process is in place by which the effectiveness of the Board, its committees and its individual directors can be evaluated on a regular basis. The Chair also acts as the primary spokesperson for the Board, ensuring that management is aware of concerns of the Board, Shareholders, other stakeholders and the public, and, in addition, ensuring that management strategies, plans and performance are appropriately represented.

The table below sets out the attendance of the directors at the eight (8) Board meetings held during the 2020 financial year, January 1 to December 31, 2020.

“The mandate of the Board is to oversee the management of the business and affairs of the Company. The Board shall have responsibility for the stewardship of the Company and shall assume responsibility for the following matters:

- the adoption of a strategic planning process;
- the identification of the principal risks to the business of the Company and the implementation of systems to manage such risks;
- appointing, training and monitoring senior management and planning for succession of senior management;
- establishing a communications policy for the Company; and

Position Description for Chair

The Board has not adopted a formal written position description for the Chair of the Board. The current Chair of the Board is Giulio Bonifacio. The Chair of the Board works with the CEO to ensure that the Board functions effectively and meets its obligations and responsibilities. See “Board Committees” below for information with respect to the position descriptions for the Chair’s of the Audit Committee and Compensation, Governance and Strategy Committee.

Position Description for CEO

The Board does not have a written position description for the CEO, but considers the CEO to be primarily responsible for the day to day operations of the Company and for preparing the Company’s strategic plans and budgets for approval by the Board. The CEO is ultimately responsible for the execution of the Company’s strategic plan and for meeting the Company’s budget. The general duties and responsibilities of the CEO are set out in the consulting agreement between the CEO and the Company, which were developed by the Company in consultation with the CEO at the time that agreement was initially entered into in May 1997 and modified most recently on March 1, 2018.

Orientation and Continuing Education

The Company does not currently have a formal orientation or continuing education process in place. New directors are furnished with appropriate documentation relating to the Company’s business activities and internal organization, and are encouraged to spend time with management and incumbent directors in order to familiarize themselves with the Company’s business and operations, as well as the role of the Board, its committees and its directors. Both new and incumbent directors are also encouraged to communicate with management, auditors, technical consultants and legal counsel to keep themselves current with industry trends and developments and changes in legislation. Management regularly provides corporate updates at scheduled meetings of the Board and passes along updates regarding legal and regulatory changes received from its legal and other professional advisors when such information is relevant to the Board. Going forward, the Company is arranging for an annual educational session to be provided to the Board by the Company’s legal counsel. The Company may also pay the reasonable costs of attendance by directors at continuing education courses and seminars with respect to corporate governance, directors’ duties and obligations and similar matters upon request. The Company’s directors are experienced corporate directors and five of the six serve as directors of other public companies where they receive various degrees of additional formal and informal continuing education and are also kept apprised of issues relevant to publicly traded mineral exploration companies. Most of the Company’s directors are also members of professional associations through which they also receive relevant continuing education. If the growth of the Company’s operations and/or increased turnover of the Board warrants it, the Board would consider implementing further formal orientation and/or continuing education process.

Ethical Business Conduct

The Company adopted a Code of Ethics which was approved on March 5, 2009. The Company's Code of Ethics affirms the Company's commitment to uphold high moral and ethical principles and specifies the basic norms of behaviour for those conducting business on its behalf. Most of the Company's directors are also members of professional associations which have disciplinary and practice review boards and processes. While the Company's business practices must be consistent with the business and social practices of the communities in which the Company operates, the Company believes that honesty and transparency is the essential standard of integrity in any locale of the Company's business. Thus, though local customs may vary, the Company's activities are to be based on honesty, integrity and respect. The Company's Code of Ethics is posted on the Company's profile on SEDAR and is posted on the Company's website www.candentecopper.com.

The Company adopted a Whistleblower Policy on February 24, 2009, which allows its directors, officers and employees who feel that a violation of the Code of Ethics has occurred, and/or who have concerns regarding financial statement disclosure issues, accounting, internal accounting controls or auditing matters, to report such violation or concerns on a confidential and anonymous basis. Such reporting can be made by email or telephone through a Compliance Hot Line, to lawyers independent of the Company, fluent in English and Spanish, and is available in both Peru and Canada to all directors, officers and employees. All complaints are to be forwarded to the Chair of the Audit Committee for investigation and corrective and disciplinary action, if appropriate. The Whistleblower Policy and the procedures it establishes assist the Board in monitoring compliance with the Code of Ethics.

The Company's Whistleblower Policy in both English and Spanish languages is available on the Company's website www.candentecopper.com.

The Company has not filed any material change reports since the beginning of its most recently completed financial year that pertains to any departures from the Code of Ethics by any director or executive officer of the Company.

In addition to the provisions of the Code of Ethics, the directors and officers of the Company are bound by the provisions of the Company's Articles and the *Business Corporations Act* (British Columbia), which contain detailed provisions as to how any conflicts of interests are to be dealt with. In particular, any director who has a material interest in a particular transaction is required to disclose such interest to the Company and to abstain from voting with respect to the approval of such transaction.

In addition, the Board has also adopted a Corporate Governance Policy on May 11, 2005, and a Corporate Disclosure Policy on March 25, 2009. The Corporate Governance Policy establishes the mandate of the Board and sets out various matters with respect to the corporate governance of the Company, including requirements with respect to the independence of Board members, matters relating to Board composition and Board Committees, employee and insider trading guidelines and accounting services approval. The Corporate Disclosure Policy is applicable to all employees and is intended to ensure that communications to the public about the Company are timely, factual and accurate and are broadly disseminated in accordance with applicable legal and regulatory requirements. Copies of the Corporate Governance Policy and Corporate Disclosure Policy are available on the Company's website at www.candentecopper.com.

Majority Voting Policy

On May 15, 2015, the Board adopted a "Majority Voting Policy" as required by the policies of the TSX. Pursuant to the Majority Voting Policy, each director of the Company must be elected by a majority (50%+1

vote) of the votes cast with respect to his or her election in an uncontested election of directors (an “Uncontested Election”) (a contested election of directors is any election of directors where (i) the number of nominees exceeds the number of directors to be elected as set out in the management information circular and/or (ii) proxies are being solicited by or on behalf of any person or group other than management of the Company). The form of proxy for meetings of the shareholders of the Company at which directors are to be elected provide the option of voting in favour, or withholding from voting, for each individual nominee to the Board. In any Uncontested Election of directors at a meeting of shareholders of the Company at which a quorum has been confirmed, any nominee for director, duly elected in accordance with the requirements of the *Business Corporations Act* (British Columbia), who receives a greater number of votes withheld from his or her election than votes for his or her election, of the shares represented in person or by proxy at the meeting and voted on the election of directors, will promptly tender his or her resignation to the Company. In the event that any director does not tender his or her resignation in accordance with the Majority Voting Policy, he or she will not be re-nominated by the Board. Following receipt of a resignation submitted pursuant to the Majority Voting Policy, the Company’s Compensation, Governance and Strategy Committee shall consider whether or not to accept the offer of resignation and shall recommend to the Board whether or not to accept it. With the exception of special circumstances that would warrant the continued service of the applicable director on the Board, the Compensation, Governance and Strategy Committee shall be expected to accept and recommend acceptance of the resignation by the Board. In considering whether or not to accept the resignation, the Board will consider factors that may be provided as guidance by the TSX and all factors deemed relevant by the Board including, without limitation, the stated reasons why shareholders withheld votes from the election of that nominee, the length of service and the qualifications of the director whose resignation has been submitted, such director’s contributions to the Company, and the Company’s legal obligations under applicable laws. Promptly following the applicable meeting of the shareholders of the Company, the Board shall make its decision about whether or not to accept a director’s offer of resignation pursuant to the Majority Voting Policy. In making its decision, the Board will consider such additional information and factors that the Board considers to be relevant. The Company must promptly issue a news release with the Board’s decision, a copy of which must be provided to the TSX. If the Board determines not to accept a resignation, the news release must fully state the reasons for that decision. A director who tenders his or her resignation pursuant to the Majority Voting Policy shall not be permitted to participate in any meeting of the Board at which his or her resignation is to be considered. In the event that a sufficient number of the Board members did not receive a majority of the votes cast in the same election, such that the Board no longer has a quorum, then such directors who did not receive a majority of the votes cast shall not be permitted to vote in any Board meeting at which his or her resignation offer is considered, but he or she shall be counted for the purpose of determining whether the Board has a quorum. If a director’s resignation is not accepted by the Board: (a) such director will continue to serve until the next annual meeting and until his or her successor is duly elected, or his or her earlier resignation or removal, as provided for in the Company’s Articles, as they may be amended, restated and/or supplemented from time to time; or (b) the director shall otherwise serve for such shorter time and under such other conditions as determined by the Board, considering all of the relevant facts and circumstances. If a resignation is accepted in accordance with the Majority Voting Policy, the Board may in accordance with the provisions of the Company’s Articles, as they may be amended, restated and/or supplemented from time to time, appoint a new director to fill any vacancy created by the resignation.

Board Committees

The Board has two main committees: the Audit Committee and the Compensation, Governance and Strategy Committee. The committees and their memberships are described below.

Audit Committee

The mandate of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities. The Audit Committee’s primary duties and responsibilities are to:

- oversee the process of selecting and appointing an auditor;
- oversee the conduct of the audit;
- identify and monitor the management of the principal risks that could impact the financial reporting of the Company;
- monitor the integrity of the Company's financial reporting process and system of internal controls regarding financial reporting and accounting compliance;
- ensure the independence of the Company's auditor in accordance with applicable standards and monitor the auditor's performance; and
- provide an avenue of communication between and amongst the Company's auditors, management and the Board.

The Audit Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities and it has direct access to the Company's auditors and anyone in the Company that it deems necessary. The Audit Committee has the ability to retain, at the Company's expense, special legal, accounting or other consultants or experts it deems necessary in the performance of its duties. During the period since the beginning of the Company's most recently completed financial year the Audit Committee met once in the absence of management. It is the Company's policy for the Audit Committee to have in-camera sessions with the Company's auditors during the meetings in which that auditors are involved.

As at the date of this Information Circular, the Audit Committee is composed of Andres J. Milla Comitre (Chair), George Elliott and Giulio Bonifacio all of whom were "financially literate" and "independent" within the meaning of sections 1.4, 1.5 and 1.6 of NI 52-110 and applicable exchange rules and regulations as of this date.

The Company has set out the written position description for the Chair of the Audit Committee as follows:

- to lead the Audit Committee in the performance of its duties and carrying out its responsibilities within the terms of reference established by the Board;
- to report to the Board on the outcome of the deliberations of the Audit Committee and periodically report to the Board on the activities of the Audit Committee; and
- to meet regularly and as required with the Chief Financial Officer of the Company and other members of management to review material issues and to ensure that the Audit Committee and the Board are provided in a timely manner with all information necessary to permit the Board to fulfill its statutory and other obligations.

The Company's AIF, which has been filed on the Company's profile on SEDAR, contains additional disclosure regarding the Audit Committee. Please refer to the section of the AIF entitled "Audit Committee" for further information.

Compensation, Governance and Strategy Committee

The compensation and corporate governance mandate of the Compensation, Governance and Strategy Committee is to discharge the Board's responsibilities relating to compensation of the Company's executive officers. Among other things, the Compensation, Governance and Strategy Committee has overall responsibility for recommending levels of executive compensation that are competitive and motivating in order to attract, hold and inspire the chief executive officer, senior officers and other key employees and for recommending compensation for directors.

The Compensation, Governance and Strategy Committee performs any other duties or responsibilities delegated to the Compensation, Governance and Strategy Committee by the Board from time to time. For further information on the duties and responsibilities of the Compensation, Governance and Strategy Committee, see "Executive Compensation – Compensation, Governance and Strategy Committee" in this Information Circular.

As of the date of this Information Circular, the Compensation, Governance and Strategy Committee members are George Elliott (Chair), Andres J. Milla Comitre, and Giulio Bonifacio, all of whom are independent directors.

There is no written position description for the Chair of the Compensation, Governance and Strategy Committee. To date, given the size of the Company and its stage of development, the Company does not believe that a formal written position description of the Chair of the Compensation, Governance and Strategy Committee is required, and that good business practices and the common law provide guidance as to what is expected of the Chair of the Compensation, Governance and Strategy Committee.

The additional “strategy” mandate of the Compensation, Governance and Strategy Committee is to assist management with the review and negotiation of any potential merger and acquisition transaction that could, if implemented, involve a business combination, take-over bid, arrangement, or acquisition of assets or shares of the Company (a “**Potential Transaction**”), and to consider the merits of various Potential Transactions.

In connection with any Potential Transaction, the Compensation, Governance and Strategy Committee is authorized and directed to take such acts and do such things as the members of the Compensation, Governance and Strategy Committee believe, in the exercise of their business judgment, are reasonably necessary or appropriate, including to:

- take all actions thought fit and prudent to address any Potential Transaction;
- review all aspects of any Potential Transaction;
- review the engagement of any financial, legal and other advisors by the Company in connection with any Potential Transaction;
- assist management with respect to all aspects of the preparation and/or negotiation of all material documents and agreements relating to any Potential Transaction;
- update the Board from time to time concerning the work of the Compensation, Governance and Strategy Committee and, at the request of the Board, to prepare and deliver such reports, recommendations and analyses with respect to any Potential Transaction as the Board may require;
- prepare and make recommendations to the Board with respect to any Potential Transaction, including, without limitation, recommendations as to whether such Potential Transaction is in the best interests of the Company and shareholders and whether such Potential Transaction should be pursued by the Company and, if necessary or appropriate, recommended to the shareholders;
- coordinate its efforts and discharge its mandate in conjunction with management as it deems advisable or necessary;
- retain, at the Company’s expense, such external financial, legal and other advisors as the members of the Compensation, Governance and Strategy Committee may consider necessary or advisable from time to time to perform their duties hereunder and determine the mandate and the remuneration of those advisors; and
- perform such other duties and responsibilities as may be assigned by the Board to the Compensation, Governance and Strategy Committee from time to time;
- provided that any final determination with respect to a Potential Transaction shall be subject to the approval of the Board.
- In order that the Compensation, Governance and Strategy Committee may be in a position to fulfill its mandate, the Compensation, Governance and Strategy Committee be and is hereby authorized and empowered, at the expense of the Company, to:
- engage such legal, financial or technical consultants and assistance as it may in its sole discretion deem necessary or appropriate to permit it to fully carry out its functions and exercise its mandate hereunder;

- meet with, interview and question all officers and employees of the Company as it may see fit regarding a Potential Transaction; and
- have access to all documentation in the possession or control of the Company in respect of any Potential Transaction or which it in good faith believes may be relevant to addressing issues relating to such Potential Transaction.

Nomination of Directors

The Board does not have a nominating committee composed of independent directors. The CEO submits to the Board candidates to fill vacancies on the Board and the full Board then considers the proposed candidates. As the Board is comprised of a majority of independent directors, the Board is of the view that this is sufficient to ensure objectivity in the nomination process.

Assessment

While there is no formal process for assessing the Board or its committees on an ongoing basis, the directors are free to discuss specific situations from time to time among themselves and/or with the CEO and President and, if need be, steps are taken to remedy the situation, which steps may include a request for resignation. Given the current structure and size of the Board, the Board believes that it is not necessary to adopt a more formal assessment process at this time and that the present system is sufficient.

Term Limits and Diversity

In the fall of 2014 the Canadian Securities Administrators (“CSA”) introduced “comply or explain” policies requiring companies to either adopt or explain why they have not adopted (a) policies with respect to term limits for directors; and (b) policies and targets designed to increase participation by women in board matters and in executive positions.

The Company has not adopted term limits for the directors or other mechanisms of board renewal. However, since 2010, the Company has had six directors cease and added six new directors and the Company believes that it acts within the spirit and intention of the CSA policies in this regard.

The Company has not developed written policies and targets designed to increase participation by women in board matters and in executive positions. Management and the Board have historically recognized the valuable contributions made to board deliberations and management by people of different gender, experience and background. The Board is mindful of the benefit of diversity in Candente Copper’s leadership positions and the need to maximize the effectiveness of the Board and management in decision making abilities. Accordingly, in searches for new directors or officers, the Board considers the level of female representation and diversity within its leadership ranks and this is just one of several factors used in its search process.

The Company currently has two female member on its board of six (33.3%), and one female officer, the President, CEO and Corporate Secretary, among Candente Copper’s senior management team of two (50%).

It is the Company’s intention to formalize internal policies following the CSA guidelines.
